HARFORD COUNTY INCUBATOR TASK FORCE NAMED

(Bel Air, MD - January 30, 2009) - - The Economic Development Advisory Board (EDAB) of Harford County, MD took another step toward the expansion of the technology incubator program in the County by adopting a resolution today at its meeting which named a five-member Incubator Development Task Force.

"The work of the Incubator Development Task Force will drive the next generation of incubators in Harford County", said EDAB Chairman Eric McLauchlin.

This Task Force will report progress on the technology incubation program to the EDAB Technology Sub Committee on a regular basis. The recently released Harford County Technology Development Optimization and Action Plan provides for a phased expansion of the County's existing business incubator program.

The members of the Incubator Development Task Force named today are:

- Jill McClune, Smiths Detection
- Michael Parker, SAIC
- Randy Rippin, RTR Technologies
- Denise Carnaggio, Harford County Office of Economic Development
- Lisa S. Smith, ANGLE Technology (Incubator consultant)

For more information on the Harford County Technology Incubator program, please contact Lisa S. Smith, Incubator Project Manager at 301-524-5654 or lisa.smith@angletec.com.
